

THE ANDRESSA ACADEMY HIGH SCHOOL

Year 1:

1. Bible Survey
2. English 1: English Composition
3. World History 1 (Ancient History)
4. Algebra 1
5. Physical Science
6. Developing a Biblical Worldview
7. Life Skills (Digital Literacy – Programs, Social Media, Graphic Design, & Web Design)
8. Life Skills (Time Management)
9. Optional Math: General Math

Year 2:

1. Old Testament Survey
2. English 2: Speech
3. World History 2 (Modern History)
4. Geometry
5. Biology
6. Physical Education
7. Life Skills (Personal Development)
8. Life Skills (Personal Finance)
9. Optional Math: Math Models

Year 3:

1. New Testament Survey
2. English 3: World Literature
3. 21st Century History
4. Algebra 2
5. Chemistry
6. Fine Arts (Music)
7. Life Skills (Entrepreneurship)
8. Life Skills (Critical Thinking)

Year 4:

1. Christian Ethics and Apologetics
2. English 4: Research and Writing
3. Civics and Economics
4. Health and Wellness
5. Physics
6. Fine Arts (Art Appreciation)
7. Life Skills (Career Development)
8. Life Skills (Communication Skills)

YEAR ONE

COURSE #1: BIBLE SURVEY

LEARNING OBJECTIVES

1. Understand the historical and cultural contexts of the Old and New Testament books and how they relate to each other as a cohesive narrative of God's plan for salvation.
2. Analyze the major themes, motifs, and literary structures of the Old and New Testament books and their significance for Christian theology and ethics.
3. Evaluate the various theological perspectives and interpretive methods used by scholars and theologians in studying the Bible and their implications for Christian faith and practice.
4. Apply critical thinking skills and biblical principles to interpret and apply the message of the Bible to contemporary issues and challenges facing the Church and society.
5. Develop a deeper personal relationship with God through the study and application of Scripture and be equipped to share the Good News of Jesus Christ with others.

Week 1: Old Testament Books and History

- Day 1: Introduction to Bible Survey
- Day 2: The Pentateuch and Creation
- Day 3: The Book of Exodus and the Ten Commandments
- Day 4: The Book of Judges and the Cycle of Sin
- Day 5: The Book of Psalms and the Importance of Prayer

Week 2: Old Testament Prophets and Wisdom Literature

- Day 6: The Book of Isaiah and Messianic Prophecy
- Day 7: The Book of Jeremiah and the New Covenant
- Day 8: The Book of Proverbs and Wisdom
- Day 9: The Book of Job and Suffering
- Day 10: The Book of Ecclesiastes and the Meaning of Life

Week 3: New Testament Gospels and Acts

- Day 11: The Gospel of Matthew and Jesus as King
- Day 12: The Gospel of Mark and Jesus as Servant
- Day 13: The Gospel of Luke and Jesus as Savior
- Day 14: The Gospel of John and Jesus as Son of God
- Day 15: The Book of Acts and the Early Church

Week 4: New Testament Epistles and Revelation

- Day 16: The Book of Romans and Salvation by Faith
- Day 17: The Book of Corinthians and Church Unity
- Day 18: The Book of Galatians and Freedom in Christ
- Day 19: The Book of Ephesians and the Church as the Body of Christ
- Day 20: The Book of Revelation and the End Times

Week 5: Christian Theology and Application

- Day 21: The Trinity and God's Nature
- Day 22: The Incarnation and Jesus' Humanity and Divinity

- Day 23: Salvation and Grace
- Day 24: Sanctification and the Holy Spirit
- Day 25: Church and Christian Living

Week 6: Apologetics and Evangelism

- Day 26: Worldview and Christian Apologetics
- Day 27: Sharing the Gospel and Evangelism
- Day 28: Christian Ethics and Moral Issues
- Day 29: The Great Commission and Missions
- Day 30: Living for God's Glory

COURSE #2: ENGLISH COMPOSITION

LEARNING OBJECTIVES

1. Develop writing skills grounded in a biblical worldview: Students will learn how to articulate their thoughts effectively and write persuasively while incorporating biblical principles and values into their compositions.
2. Enhance critical reading skills through a biblical lens: Students will develop the ability to critically analyze and interpret written materials from a biblical perspective, allowing them to engage with a variety of texts in a meaningful way.
3. Cultivate creativity in writing: Students will be encouraged to explore their creativity through various writing styles and genres, while using their faith as a foundation for their work.
4. Build biblical literacy and understanding: Through the study of biblical texts and their application to literature, students will deepen their understanding of the Bible and its relevance to contemporary issues and themes.
5. Develop effective communication skills: Students will learn how to communicate their ideas and opinions in a clear, concise, and persuasive manner, both in writing and verbally, reflecting the biblical principles of honesty, integrity, and love.

Week 1: Introduction to Writing and Reading

- Day 1: Introduction to English 1: Composition and Reading Comprehension
- Day 2: The Writing Process: Prewriting and Brainstorming
- Day 3: The Writing Process: Drafting and Revising
- Day 4: The Writing Process: Editing and Proofreading
- Day 5: Reading Comprehension: Active Reading Strategies

Week 2: Elements of Good Writing

- Day 6: Sentence Structure: Simple, Compound, and Complex Sentences
- Day 7: Paragraph Structure: Introduction, Body, and Conclusion
- Day 8: Narrative Writing: Personal Narrative
- Day 9: Descriptive Writing: Sensory Details and Imagery
- Day 10: Expository Writing: Compare and Contrast

Week 3: Elements of Good Writing (cont.)

- Day 11: Expository Writing: Cause and Effect
- Day 12: Persuasive Writing: Argument and Counterargument
- Day 13: Research Writing: Thesis Statements and Research Methods
- Day 14: Research Writing: Incorporating Evidence and Avoiding Plagiarism
- Day 15: Review and Assessment

Week 4: Vocabulary and Grammar

- Day 16: Parts of Speech: Nouns and Pronouns
- Day 17: Parts of Speech: Verbs and Adverbs
- Day 18: Parts of Speech: Adjectives and Prepositions
- Day 19: Commonly Confused Words: Homophones and Homonyms
- Day 20: Vocabulary Building: Root Words and Prefixes/Suffixes

Week 5: Grammar and Writing Mechanics

- Day 21: Subject-Verb Agreement
- Day 22: Pronoun-Antecedent Agreement
- Day 23: Capitalization and Punctuation
- Day 24: Spelling and Commonly Misspelled Words
- Day 25: Review and Assessment

Week 6: Literature and Literary Analysis

- Day 26: Introduction to Literature and Literary Analysis
- Day 27: Elements of Fiction: Plot and Characterization
- Day 28: Elements of Fiction: Setting and Theme
- Day 29: Elements of Poetry: Figurative Language and Sound Devices
- Day 30: Elements of Poetry: Forms and Analysis

COURSE #3: WORLD HISTORY 1 (ANCIENT HISTORY)

LEARNING OBJECTIVES

1. Understand the biblical worldview and its influence on ancient societies, including the concepts of creation, sin, redemption, and eschatology.
2. Analyze the impact of ancient civilizations on the development of human culture, including their political, economic, social, and religious systems.
3. Evaluate the role of key individuals, events, and movements in shaping ancient history and their relevance to contemporary society.
4. Develop critical thinking and research skills through the examination of primary and secondary sources, including biblical texts and archaeological artifacts.
5. Cultivate an appreciation for the diversity and complexity of ancient societies and their enduring legacies, and recognize the sovereignty and providence of God throughout history.

Week 1: Introduction to Ancient Civilizations

- Day 1: Introduction to World History 1 (Ancient History) from a Biblical Perspective
- Day 2: Creation and the Origins of Civilization
- Day 3: Ancient Sumer and Mesopotamia
- Day 4: Ancient Egypt and the Hebrews
- Day 5: Assyria, Babylon, and Persia

Week 2: Ancient Greece

- Day 6: The Greek Dark Ages and Homeric Epics
- Day 7: The Rise of Greek City-States and Democracy
- Day 8: Greek Philosophy and the Quest for Truth
- Day 9: Greek Art, Architecture, and Literature
- Day 10: Alexander the Great and the Hellenistic Age

Week 3: Ancient Rome

- Day 11: The Rise of Rome and the Roman Republic
- Day 12: Roman Law, Engineering, and Literature
- Day 13: The Roman Empire and Pax Romana
- Day 14: Early Christianity and the Roman Persecution
- Day 15: The Fall of Rome and the Rise of Christianity

Week 4: Ancient Israel

- Day 16: The Hebrews and the Old Testament
- Day 17: The Judges and Kings of Israel
- Day 18: The Babylonian Captivity and Return
- Day 19: The Second Temple and the Jewish Revolts
- Day 20: The Birth of Jesus and Early Christianity

Week 5: Ancient India and China

- Day 21: Ancient India and Hinduism
- Day 22: Buddhism and the Mauryan Empire
- Day 23: Ancient China and Confucianism
- Day 24: The Qin and Han Dynasties

- Day 25: The Silk Road and Cultural Exchange

Week 6: Ancient Americas and Africa

- Day 26: Ancient Maya and Aztec Empires
- Day 27: The Inca Empire and Machu Picchu
- Day 28: Ancient African Empires and Kingdoms
- Day 29: The Transatlantic Slave Trade
- Day 30: The Legacy of Ancient History and Our Place in the World

COURSE #4: ALGEBRA 1

LEARNING OBJECTIVES

1. Understand the role of mathematical principles in God's creation and design, and how algebraic concepts relate to the order and logic of the universe.
2. Analyze and interpret real-world situations and problems using algebraic expressions and equations, and discern the relevance and significance of mathematical solutions in light of biblical values and ethics.
3. Evaluate the accuracy and validity of mathematical statements and arguments, and apply critical thinking skills to assess the reliability of different sources and methods of mathematical analysis and reasoning.
4. Develop proficiency in algebraic procedures and techniques, and use mathematical tools and software to solve problems, communicate results, and explore mathematical concepts with confidence and accuracy.
5. Cultivate a deeper appreciation and understanding of God's character and wisdom through the study of algebraic patterns and relationships, and explore the beauty and creativity of mathematics to glorify God and serve others.

Week 1: Introduction to Algebra

- Day 1: Introduction to Algebra and Variables
- Day 2: Order of Operations and Expressions
- Day 3: Simplifying Expressions and Combining Like Terms
- Day 4: Solving One-Step Equations
- Day 5: Solving Two-Step Equations

Week 2: Linear Equations and Inequalities

- Day 6: Graphing Linear Equations
- Day 7: Slope and Rate of Change
- Day 8: Writing Linear Equations
- Day 9: Solving Linear Inequalities
- Day 10: Systems of Linear Equations

Week 3: Exponents and Polynomials

- Day 11: Exponential Notation and Properties
- Day 12: Multiplying and Dividing Monomials
- Day 13: Adding and Subtracting Polynomials
- Day 14: Multiplying Polynomials
- Day 15: Factoring Polynomials

Week 4: Quadratic Equations and Functions

- Day 16: Graphing Quadratic Functions
- Day 17: Solving Quadratic Equations by Factoring
- Day 18: Solving Quadratic Equations by Quadratic Formula
- Day 19: Complex Numbers and Imaginary Numbers
- Day 20: Quadratic Inequalities

Week 5: Rational Expressions and Equations

- Day 21: Simplifying Rational Expressions

- Day 22: Multiplying and Dividing Rational Expressions
- Day 23: Adding and Subtracting Rational Expressions
- Day 24: Solving Rational Equations
- Day 25: Variation and Proportion

Week 6: Radical Expressions and Equations

- Day 26: Simplifying Radical Expressions
- Day 27: Adding and Subtracting Radical Expressions
- Day 28: Multiplying and Dividing Radical Expressions
- Day 29: Rational Exponents and Exponential Functions
- Day 30: Radical Equations

COURSE #5: PHYSICAL SCIENCE

LEARNING OBJECTIVES

1. Understand the Biblical perspective on the nature and purpose of physical science, including its relationship to the created world and the responsibility of humans to care for it.
2. Analyze the fundamental principles of physical science, including the laws of motion, thermodynamics, electricity, and magnetism, and their impact on the natural world.
3. Evaluate the ethical and moral implications of scientific discoveries and technological advancements, in light of Biblical values and principles.
4. Develop critical thinking and problem-solving skills, through the application of scientific methods and processes, in order to understand and explain physical phenomena.
5. Cultivate a deeper appreciation for the beauty, complexity, and diversity of the physical world, as a reflection of God's creative power and wisdom.

Week 1: Introduction to Physical Science and Biblical Worldview

- Day 1: Introduction to Physical Science and the Bible
- Day 2: The Nature of Science and Faith
- Day 3: The Bible and Scientific Inquiry
- Day 4: Worldviews and Physical Science
- Day 5: The Role of Faith in Science

Week 2: The Scientific Method and the Creator

- Day 6: The Scientific Method and Biblical Truth
- Day 7: The Creator and the Laws of Nature
- Day 8: Order and Complexity in the Universe
- Day 9: The Fine-Tuning Argument for God's Existence
- Day 10: The Bible and Scientific Discoveries

Week 3: Energy and Matter

- Day 11: Energy and the First Law of Thermodynamics
- Day 12: Matter and the Second Law of Thermodynamics
- Day 13: Creation and Conservation of Energy
- Day 14: States of Matter and the Creator's Design
- Day 15: The Bible and the Physical Properties of Matter

Week 4: Motion and Forces

- Day 16: Motion and the Laws of Physics
- Day 17: Gravity and the Creator's Design
- Day 18: Friction and the Fall
- Day 19: Newton's Laws and Biblical Truth
- Day 20: The Bible and the Motion of the Heavens

Week 5: Waves and Electromagnetism

- Day 21: Waves and Sound
- Day 22: Electromagnetic Waves and Light
- Day 23: The Electromagnetic Spectrum and Creation
- Day 24: Electromagnetism and the Creator's Design

- Day 25: The Bible and the Nature of Light

Week 6: Atoms and the Universe

- Day 26: The Structure of Atoms
- Day 27: Radioactivity and God's Sovereignty
- Day 28: The Big Bang and the Bible
- Day 29: The Universe and God's Omnipotence
- Day 30: The Bible and the Mystery of Creation

COURSE #6: DEVELOPING A BIBLICAL WORLDVIEW

LEARNING OBJECTIVES

1. Understand the biblical foundations of a worldview and the impact of cultural influences on worldview formation.
2. Analyze different worldviews and their underlying beliefs and assumptions in light of a biblical perspective.
3. Evaluate cultural narratives and media messages in relation to a biblical worldview, including their implicit messages and values.
4. Develop a personal biblical worldview that integrates faith and life, including areas such as ethics, relationships, and vocation.
5. Cultivate a lifestyle of discipleship that reflects a biblical worldview, including the integration of faith, learning, and service in daily life.

Week 1: Understanding Worldview

- Day 1: Introduction to Worldview and Biblical Worldview
- Day 2: The Importance of a Biblical Worldview
- Day 3: Worldview and Culture
- Day 4: Worldview and Beliefs
- Day 5: Worldview and Values

Week 2: Biblical Foundations

- Day 6: God's Nature and Character
- Day 7: Creation and the Fall
- Day 8: Redemption and Restoration
- Day 9: The Authority of Scripture
- Day 10: The Gospel and Biblical Worldview

Week 3: Applying Biblical Worldview

- Day 11: Biblical Worldview and Identity
- Day 12: Biblical Worldview and Relationships
- Day 13: Biblical Worldview and Work
- Day 14: Biblical Worldview and Ethics
- Day 15: Biblical Worldview and Culture

Week 4: Living Out Biblical Worldview

- Day 16: Biblical Worldview and the Church
- Day 17: Biblical Worldview and Social Justice
- Day 18: Biblical Worldview and Politics
- Day 19: Biblical Worldview and Education
- Day 20: Biblical Worldview and the Future

Week 5: Biblical Worldview and Other Worldviews

- Day 21: The Secular Worldview
- Day 22: The Cultural Worldview
- Day 23: The Postmodern Worldview
- Day 24: The Scientific Worldview
- Day 25: The Humanist Worldview

Week 6: Developing and Sharing Your Biblical Worldview

- Day 26: Belief in God
- Day 27: Jesus Christ as Savior
- Day 28: Engaging with Other Worldviews
- Day 29: Defending Your Biblical Worldview
- Day 30: Living a Life of Purpose with a Biblical Worldview

COURSE #7: DIGITAL LITERACY

LEARNING OBJECTIVES

1. Understand the biblical principles of digital literacy, including responsible digital citizenship, stewardship of technology, and healthy relationships online.
2. Analyze the impact of digital media on personal and spiritual growth, including the effects of social media, digital distractions, and online bullying.
3. Evaluate the credibility and reliability of digital information, including identifying biases, fact-checking sources, and discerning truth from falsehood.
4. Develop digital communication skills, including effective writing, public speaking, and multimedia presentations, grounded in biblical principles of integrity, respect, and humility.
5. Cultivate a Christ-centered perspective on digital media, including using technology to serve others, engage in meaningful dialogue, and share the gospel in creative and relevant ways.

Week 1: Microsoft Suite

- Day 1: Introduction to Microsoft Suite
- Day 2: Word Processing in Microsoft Word
- Day 3: Spreadsheets in Microsoft Excel
- Day 4: Presentations in Microsoft PowerPoint
- Day 5: Collaboration and Cloud Storage with Microsoft OneDrive

Week 2: Social Media

- Day 6: Introduction to Social Media
- Day 7: Using Facebook for Personal and Professional Purposes
- Day 8: Using Twitter for Networking and Communication
- Day 9: Using LinkedIn for Professional Networking
- Day 10: Using Instagram for Visual Storytelling

Week 3: Graphic Design

- Day 11: Introduction to Graphic Design Principles
- Day 12: Basics of Adobe Photoshop
- Day 13: Basics of Adobe Illustrator
- Day 14: Basics of Canva for Graphic Design
- Day 15: Applying Graphic Design Principles to Social Media Posts

Week 4: Web Design

- Day 16: Introduction to Web Design
- Day 17: Basics of HTML and CSS
- Day 18: Creating a Simple Web Page with WordPress
- Day 19: Creating a Custom Website with Wix
- Day 20: Applying Web Design Principles to a Personal Blog

Week 5: Advanced Skills

- Day 21: Advanced Features in Microsoft Excel
- Day 22: Advanced Features in Adobe Photoshop
- Day 23: Advanced Features in WordPress

- Day 24: Advanced Features in Canva
- Day 25: Combining Skills to Create a Comprehensive Marketing Plan

Week 6: Best Practices and Ethics

- Day 26: Copyright and Fair Use in Digital Media
- Day 27: Cybersecurity and Online Privacy
- Day 28: Managing Online Reputation and Branding
- Day 29: Ethical Considerations in Social Media Marketing
- Day 30: Final Projects and Reflections

COURSE #8: TIME MANAGEMENT

LEARNING OBJECTIVES

1. Understand the biblical principles of stewardship and time management, and how they relate to one's personal and spiritual life.
2. Analyze one's current time management practices and habits in light of biblical principles, and identify areas of improvement and growth.
3. Evaluate various time management tools and strategies, and discern which ones align with biblical values and are most effective for one's unique situation.
4. Develop practical skills for prioritizing tasks, setting goals, and creating schedules that honor God and align with one's values and purpose.
5. Cultivate a daily habit of seeking God's guidance and wisdom in managing time, and grow in one's ability to live intentionally, productively, and joyfully for His glory.

Week 1: Introduction to Time Management

- Day 1: Introduction to Time Management Principles
- Day 2: Why Time Management is Important for Christians
- Day 3: Understanding Time Management Styles
- Day 4: Common Time Management Challenges
- Day 5: Setting SMART Goals

Week 2: Techniques for Managing Time

- Day 6: Prioritizing Tasks with the Eisenhower Matrix
- Day 7: The Pomodoro Technique for Focusing
- Day 8: The Getting Things Done (GTD) Method
- Day 9: Time Blocking for Productivity
- Day 10: The Importance of Rest and Breaks

Week 3: Overcoming Time Wasters

- Day 11: Identifying Time Wasters in Your Life
- Day 12: Social Media and Technology Distractions
- Day 13: Procrastination and Perfectionism
- Day 14: Dealing with Interruptions and Meetings
- Day 15: Saying No to Unnecessary Commitments

Week 4: Strategies for Better Time Management

- Day 16: Creating a Daily and Weekly Schedule
- Day 17: Tips for Managing Email and Communication
- Day 18: Using Time Management Apps and Tools
- Day 19: Learning to Delegate and Outsource
- Day 20: Evaluating Your Time Management Progress

Week 5: Time Management and Spiritual Growth

- Day 21: Time Management and Prayer
- Day 22: Prioritizing Time with God
- Day 23: Balancing Work and Rest in the Sabbath
- Day 24: Time Management and Serving Others
- Day 25: Time Management and Living a Purposeful Life

Week 6: Final Thoughts and Application

- Day 26: Reflecting on Your Time Management Journey
- Day 27: Applying Time Management Principles to Your Life
- Day 28: Overcoming Challenges and Staying Accountable
- Day 29: Seeking Help and Support
- Day 30: Moving Forward with Effective Time Management Skills

COURSE #9: OPTIONAL MATH: GENERAL MATH

LEARNING OBJECTIVES

1. Understand fundamental mathematical concepts and principles.
2. Analyze and interpret mathematical data and problem-solving strategies.
3. Evaluate the accuracy and relevance of mathematical information and solutions.
4. Develop critical thinking and logical reasoning skills in mathematical contexts.
5. Cultivate a strong foundation in math for future academic and real-life applications.

Week 1: Introduction to Basic Operations

Day 1: Understanding Addition Concepts

Day 2: Practicing Addition Skills

Day 3: Exploring Different Addition Strategies

Day 4: Solving Word Problems with Addition

Day 5: Review and Assessment on Addition

Week 2: Mastering Subtraction Skills

Day 1: Understanding Subtraction Concepts

Day 2: Practicing Subtraction Skills

Day 3: Exploring Different Subtraction Strategies

Day 4: Solving Word Problems with Subtraction

Day 5: Review and Assessment on Subtraction

Week 3: Exploring Multiplication Techniques

Day 1: Introduction to Multiplication Concepts

Day 2: Practicing Multiplication Facts

Day 3: Understanding Multiplication Strategies

Day 4: Applying Multiplication to Word Problems

Day 5: Review and Assessment on Multiplication

Week 4: Discovering Division Principles

Day 1: Introduction to Division Concepts

Day 2: Practicing Division Facts

Day 3: Understanding Division Strategies

Day 4: Applying Division to Word Problems

Day 5: Review and Assessment on Division

Week 5: Refining Operations Skills

Day 1: Reviewing Addition and Subtraction

Day 2: Reviewing Multiplication and Division

Day 3: Applying All Operations to Word Problems

Day 4: Developing Mental Math Skills

Day 5: Review and Assessment on All Operations

Week 6: Applying Math Skills in Real-Life Situations

Day 1: Understanding Practical Applications

Day 2: Solving Real-World Problems with Math

Day 3: Analyzing Data using Math Concepts

Day 4: Evaluating Math in Everyday Life

Day 5: Final Review and Assessment

YEAR TWO

COURSE #1: OLD TESTAMENT SURVEY

LEARNING OBJECTIVES

1. Understand the historical and cultural context of the Old Testament and its relevance to contemporary Christian faith and practice.
2. Analyze the literary structure and theological themes of key Old Testament texts and their connections to the overall biblical narrative.
3. Evaluate different interpretive approaches to the Old Testament, including historical-critical, literary, and theological methods, and their implications for biblical understanding.
4. Develop critical thinking skills in reading, interpreting, and applying Old Testament texts to contemporary issues and challenges facing the church and society.
5. Cultivate a deeper appreciation for the Old Testament as a source of spiritual inspiration, ethical guidance, and cultural heritage for Christians today.

Week 1: Introduction to the Old Testament

- Day 1: Introduction to the Course
- Day 2: Overview of the Old Testament
- Day 3: The Pentateuch
- Day 4: The Historical Books
- Day 5: The Poetic and Wisdom Books

Week 2: The Patriarchs and the Exodus

- Day 6: Abraham and the Covenant
- Day 7: Isaac, Jacob, and Joseph
- Day 8: Moses and the Burning Bush
- Day 9: The Ten Plagues and the Passover
- Day 10: The Crossing of the Red Sea

Week 3: The Law and the Tabernacle

- Day 11: The Giving of the Law
- Day 12: The Golden Calf and the Tabernacle
- Day 13: The Priesthood and Sacrifices
- Day 14: The Day of Atonement and the Sabbath
- Day 15: The Wilderness Wanderings

Week 4: The Conquest and the Judges

- Day 16: The Conquest of Canaan
- Day 17: Joshua and the Promised Land
- Day 18: The Judges and their Stories
- Day 19: Deborah, Gideon, and Samson
- Day 20: Ruth and the Line of David

Week 5: The Kingdoms and the Prophets

- Day 21: The United Kingdom and King David

- Day 22: The Divided Kingdoms and Prophets
- Day 23: Elijah and Elisha
- Day 24: Isaiah and Jeremiah
- Day 25: Ezekiel and the Exile

Week 6: The Return and the Future

- Day 26: The Return from Exile and Rebuilding
- Day 27: Ezra and Nehemiah
- Day 28: The Minor Prophets and their Messages
- Day 29: Messianic Prophecies and Fulfillment
- Day 30: The Future and the New Testament

COURSE #2: ENGLISH 2 (SPEECH)

LEARNING OBJECTIVES

1. Understand the biblical principles of communication and how to apply them to speeches and presentations.
2. Analyze the effectiveness of speeches from a biblical perspective, including tone, delivery, and content.
3. Evaluate the ethical implications of different speech topics and strategies, based on biblical values and principles.
4. Develop effective communication skills through practice, including audience analysis, outlining, and delivery.
5. Cultivate a biblical worldview on communication and public speaking, including the importance of honesty, integrity, and compassion.

Week 1: Introduction to Public Speaking

- Day 1: Introduction to Speech and Public Speaking
- Day 2: Types of Speeches
- Day 3: Elements of Effective Public Speaking
- Day 4: Audience Analysis
- Day 5: Selecting a Topic and Purpose

Week 2: Speech Organization and Delivery

- Day 6: Outlining Your Speech
- Day 7: Introduction and Conclusion
- Day 8: Body of the Speech
- Day 9: Delivery Techniques
- Day 10: Using Visual Aids

Week 3: Persuasive Speaking

- Day 11: Introduction to Persuasive Speaking
- Day 12: Understanding Persuasion
- Day 13: Developing a Persuasive Speech
- Day 14: Using Evidence and Support
- Day 15: Overcoming Objections

Week 4: Special Occasion and Informative Speaking

- Day 16: Introduction to Special Occasion Speaking
- Day 17: Preparing a Speech for a Special Occasion
- Day 18: Introduction to Informative Speaking
- Day 19: Developing an Informative Speech
- Day 20: Researching Your Topic

Week 5: Speechwriting and Rehearsal

- Day 21: Writing and Editing Your Speech
- Day 22: Practicing Your Delivery
- Day 23: Rehearsing and Fine-Tuning Your Speech
- Day 24: Using Feedback to Improve Your Speech
- Day 25: Finalizing and Memorizing Your Speech

Week 6: Public Speaking and Faith

- Day 26: The Role of Public Speaking in Christianity
- Day 27: Public Speaking and Evangelism
- Day 28: Speeches and Christian Service
- Day 29: Public Speaking and Christian Leadership
- Day 30: The Future of Public Speaking

COURSE #3: WORLD HISTORY 2 (MODERN HISTORY)

LEARNING OBJECTIVES

1. Understand the impact of modern historical events and movements on Christian faith and worldview.
2. Analyze the role of Christian figures and organizations in shaping modern history and their impact on society.
3. Evaluate the significance of cultural and ideological conflicts from a biblical perspective and explore possible resolutions.
4. Develop critical thinking skills in interpreting historical data and connecting it to contemporary issues.
5. Cultivate a sense of global citizenship and responsibility through exploring cultural diversity and interdependence in modern history.

Week 1: Industrialization and Imperialism

- Day 1: Introduction to Modern History
- Day 2: The Industrial Revolution
- Day 3: Imperialism in Africa and Asia
- Day 4: Causes of World War I
- Day 5: The Russian Revolution

Week 2: World War I and the Interwar Period

- Day 6: Major Battles of World War I
- Day 7: The Treaty of Versailles and the League of Nations
- Day 8: The Roaring Twenties
- Day 9: The Great Depression
- Day 10: Rise of Dictatorships (e.g. Mussolini, Hitler, Stalin)

Week 3: World War II and the Cold War

- Day 11: Causes of World War II
- Day 12: Major Battles and Turning Points of World War II
- Day 13: The Holocaust
- Day 14: The Yalta and Potsdam Conferences
- Day 15: The Cold War and the Nuclear Arms Race

Week 4: Decolonization and Globalization

- Day 16: The End of Colonialism
- Day 17: The Korean War
- Day 18: The Vietnam War
- Day 19: The Cuban Missile Crisis
- Day 20: The Collapse of the Soviet Union

Week 5: Post-World War II Society and Culture

- Day 21: The Civil Rights Movement
- Day 22: The Women's Liberation Movement
- Day 23: The Environmental Movement
- Day 24: The Digital Revolution
- Day 25: The Rise of Pop Culture

Week 6: Modern Global Challenges

- Day 26: The Global Economy
- Day 27: The War on Terror
- Day 28: The Refugee Crisis
- Day 29: The Climate Crisis
- Day 30: The Future of Globalization

COURSE #4: GEOMETRY

LEARNING OBJECTIVES

1. Understand the mathematical concepts and principles of Geometry in light of God's order and design in creation, and apply them to real-world problems.
2. Analyze the historical and cultural contexts of Geometry throughout history, and how they relate to God's purposes and values.
3. Evaluate the ethical and moral implications of using Geometry for various applications, and discern how to use these tools in accordance with biblical principles.
4. Develop critical thinking and problem-solving skills by applying geometric concepts to real-world scenarios, and recognizing how they relate to God's plan for the world.
5. Cultivate an appreciation for the beauty and complexity of geometric patterns and structures, and recognize how they reflect God's creativity and wisdom in the universe.

Week 1: Introduction to Geometry

- Day 1: Introduction to Geometry and Biblical Perspective
- Day 2: Points, Lines, and Planes
- Day 3: Angles and Measurement
- Day 4: Constructions with a Compass and Straightedge
- Day 5: Polygons and their Properties

Week 2: Euclidean Geometry

- Day 6: Euclid's Postulates and Theorems
- Day 7: Triangles and Their Properties
- Day 8: Quadrilaterals and Their Properties
- Day 9: Circles and Their Properties
- Day 10: Geometric Transformations

Week 3: Coordinate Geometry

- Day 11: Introduction to Coordinate Geometry
- Day 12: Graphing Linear Equations
- Day 13: Midpoint and Distance Formulas
- Day 14: Slope and Equations of Lines
- Day 15: Analyzing and Applying Coordinate Geometry

Week 4: Transformations and Trigonometry

- Day 16: Reflections, Rotations, and Translations
- Day 17: Dilations and Scale Factors
- Day 18: Introduction to Trigonometry
- Day 19: Right Triangle Trigonometry
- Day 20: Trigonometric Applications

Week 5: Geometric Applications

- Day 21: Geometric Probability
- Day 22: Similarity and Proportion
- Day 23: Geometric Means and Applications
- Day 24: Geometric Constructions and Proofs
- Day 25: Three-Dimensional Geometry

Week 6: Geometry and God's Creation

- Day 26: The Beauty and Order of Geometry
- Day 27: The Geometry of Nature and the Universe
- Day 28: The Geometry of Music and Art
- Day 29: Geometry and the Design of God's Temple
- Day 30: Geometry and the Glory of God

COURSE #5: BIOLOGY

LEARNING OBJECTIVES

1. Understand the biblical worldview of creation and the role of humans as stewards of the environment, analyze the scientific evidence for creationism and evolution, evaluate the strengths and limitations of both perspectives, and develop a personal understanding of the relationship between faith and science in the study of biology.
2. Analyze the structure and function of cells, evaluate the processes of DNA replication, transcription, and translation, and develop an understanding of the biochemical basis of life and the role of genetics in inheritance and variation.
3. Understand the principles of ecology and the interdependence of living organisms within ecosystems, analyze the impact of human activities on the environment and the need for conservation and sustainability, and develop a Christian worldview of environmental stewardship and responsibility.
4. Evaluate the scientific basis of medical practices and procedures, analyze the ethical issues related to genetic engineering, stem cell research, and other controversial topics, and develop a Christian perspective on the sanctity of life and the responsibility of scientists and healthcare providers.
5. Cultivate an appreciation for the diversity of life on Earth, understand the classifications and characteristics of organisms from bacteria to animals, analyze the ecological roles and adaptations of different species, and develop a biblical understanding of the value and purpose of all living things.

Week 1: Introduction to Biology and Creation

- Day 1: Introduction to Biology and Creation
- Day 2: The Scientific Method and Observation
- Day 3: Biblical Creation vs. Evolutionary Theory
- Day 4: The Importance of Biodiversity
- Day 5: The Role of Humans in God's Creation

Week 2: Cells and Genetics

- Day 6: Introduction to Cells
- Day 7: Cell Structure and Function
- Day 8: DNA and Genetics
- Day 9: Inheritance and Variation
- Day 10: Ethical and Biblical Issues in Genetics

Week 3: Evolution and Ecology

- Day 11: The Theory of Evolution
- Day 12: The Fossil Record and Transitional Forms
- Day 13: Ecology and Ecosystems
- Day 14: The Balance of Nature and Stewardship
- Day 15: Biblical Responses to Environmental Issues

Week 4: Anatomy and Physiology

- Day 16: Introduction to Anatomy and Physiology
- Day 17: The Skeletal System

- Day 18: The Muscular System
- Day 19: The Nervous System
- Day 20: The Circulatory System

Week 5: Anatomy and Physiology (cont.)

- Day 21: The Respiratory System
- Day 22: The Digestive System
- Day 23: The Endocrine System
- Day 24: The Reproductive System
- Day 25: Ethics and Biblical Issues in Medicine

Week 6: Creation Care and the Future of Biology

- Day 26: The Biblical Mandate for Creation Care
- Day 27: The Role of Science in Caring for Creation
- Day 28: Biotechnology and the Future of Biology
- Day 29: Christian Perspectives on Stem Cell Research
- Day 30: Science and Faith: Integration and Application

COURSE #6: PHYSICAL EDUCATION

LEARNING OBJECTIVES

1. Understand the importance of maintaining physical health as a means of honoring God and stewarding the body He has given us.
2. Analyze the ways in which physical activity and fitness can positively impact mental, emotional, and spiritual well-being, as well as physical health.
3. Evaluate popular trends and practices in physical fitness culture in light of biblical values and principles, recognizing both positive and negative aspects of each.
4. Develop practical skills and strategies for maintaining a healthy lifestyle, including proper nutrition, exercise routines, and injury prevention techniques.
5. Cultivate a biblical perspective on competition, teamwork, and sportsmanship, recognizing the potential for these activities to glorify God and build character when approached with humility, integrity, and a servant's heart.

Week 1: The Importance of Physical Health

- Day 1: Introduction to Physical Education and Biblical Perspective
- Day 2: The Benefits of Exercise for Physical Health
- Day 3: The Importance of Nutrition and Eating Habits
- Day 4: The Role of Rest and Recovery in Physical Health
- Day 5: Biblical Principles for Physical Health

Week 2: Physical Health and Spiritual Well-being

- Day 6: The Connection between Physical and Spiritual Health
- Day 7: Exercise as Worship and Devotion
- Day 8: Caring for Our Bodies as Temples of the Holy Spirit
- Day 9: Fasting and Prayer for Physical and Spiritual Health
- Day 10: Biblical Examples of Physical Health and Spiritual Well-being

Week 3: Mind-Body Connection

- Day 11: The Connection between Physical Health and Mental Health
- Day 12: Mindfulness and Meditation for Physical and Mental Health
- Day 13: Dealing with Stress and Anxiety through Exercise and Prayer
- Day 14: The Power of Positive Thinking for Physical and Mental Health
- Day 15: Biblical Principles for Mind-Body Connection

Week 4: Strength and Endurance Training

- Day 16: Introduction to Strength and Endurance Training
- Day 17: Resistance Training and Weightlifting
- Day 18: Cardiovascular and Endurance Training
- Day 19: Cross-Training and Functional Fitness
- Day 20: Biblical Examples of Strength and Endurance Training

Week 5: Sports and Recreation

- Day 21: Introduction to Sports and Recreation
- Day 22: The Benefits of Team Sports and Cooperation
- Day 23: Competitive Sports and Sportsmanship
- Day 24: Recreation and Outdoor Activities

- Day 25: Biblical Examples of Sports and Recreation

Week 6: Physical Education and Stewardship

- Day 26: The Connection between Physical Education and Stewardship
- Day 27: Environmental Stewardship and Outdoor Education
- Day 28: Social Responsibility and Community Outreach
- Day 29: Technology and Innovation in Physical Education
- Day 30: Future of Physical Education from a Biblical Perspective

COURSE #7: PERSONAL DEVELOPMENT

LEARNING OBJECTIVES

1. Understand biblical principles of personal development and apply them to one's own life.
2. Analyze personal strengths and weaknesses from a biblical perspective to identify areas for growth and improvement.
3. Evaluate the role of one's faith in personal development and how it influences decision-making and behavior.
4. Develop a personal growth plan that integrates biblical principles and practical strategies for self-improvement.
5. Cultivate a mindset of continuous personal growth and character development grounded in biblical values and principles.

Week 1: Understanding Yourself

- Day 1: Introduction to Personal Development
- Day 2: Discovering Your Personality Type
- Day 3: Identifying Your Strengths and Weaknesses
- Day 4: Understanding Your Emotions
- Day 5: Developing Self-Awareness

Week 2: Building Healthy Relationships

- Day 6: The Importance of Relationships
- Day 7: Communication Skills
- Day 8: Conflict Resolution
- Day 9: Forgiveness and Grace
- Day 10: Boundaries and Self-Care

Week 3: Finding Purpose and Direction

- Day 11: The Role of Purpose in Life
- Day 12: Discovering Your Passions and Gifts
- Day 13: Setting Goals and Priorities
- Day 14: Overcoming Obstacles and Challenges
- Day 15: Trusting God's Plan and Direction

Week 4: Growing in Faith and Spirituality

- Day 16: Introduction to Christian Spirituality
- Day 17: Bible Study and Meditation
- Day 18: Prayer and Worship
- Day 19: Serving Others and Making a Difference
- Day 20: Living a Life of Faith and Integrity

Week 5: Managing Time and Resources

- Day 21: Time Management Skills
- Day 22: Budgeting and Financial Planning
- Day 23: Health and Wellness
- Day 24: Developing a Healthy Work-Life Balance
- Day 25: Stewardship and Sustainability

Week 6: Creating a Vision for the Future

- Day 26: Creating a Personal Mission Statement
- Day 27: Developing a Vision for Your Life
- Day 28: Taking Action and Making Changes
- Day 29: Evaluating Progress and Success
- Day 30: Celebrating Achievements and Looking Ahead

COURSE #8: PERSONAL FINANCES

LEARNING OBJECTIVES

1. Understand the biblical principles of personal finance and how to apply them to everyday life to make wise financial decisions.
2. Analyze different types of financial investments and understand the risks and benefits associated with each option from a biblical perspective.
3. Evaluate personal spending habits and develop a budgeting plan that aligns with biblical values and goals.
4. Develop an understanding of the importance of debt management and how to make responsible borrowing decisions from a biblical perspective.
5. Cultivate a mindset of generosity and stewardship by exploring biblical teachings on giving, tithing, and charitable contributions.

Week 1: Introduction to Personal Finance

- Day 1: Introduction to Personal Finance and Biblical Stewardship
- Day 2: Budgeting and Financial Planning
- Day 3: Saving and Investing
- Day 4: Debt and Credit
- Day 5: Financial Freedom and Generosity

Week 2: Income and Taxes

- Day 6: Earning and Managing Income
- Day 7: Taxation and Budgeting
- Day 8: Giving and Tithing
- Day 9: The Importance of Work
- Day 10: Entrepreneurship and Innovation

Week 3: Money Management

- Day 11: Banking and Financial Services
- Day 12: Insurance and Risk Management
- Day 13: Retirement Planning and Investing
- Day 14: Estate Planning and Legacy Building
- Day 15: Managing Money in a Biblical Way

Week 4: Practical Applications

- Day 16: Managing Household Finances
- Day 17: Planning for College and Higher Education
- Day 18: Navigating Student Loans and Debt
- Day 19: Managing Business Finances
- Day 20: Investing in Real Estate

Week 5: Biblical Principles and Perspectives

- Day 21: God's Ownership and Our Responsibility
- Day 22: The Role of Contentment in Personal Finance
- Day 23: Avoiding the Love of Money
- Day 24: The Blessings of Generosity
- Day 25: The Parable of the Talents

Week 6: Building a Financially Healthy Life

- Day 26: The Importance of Discipline and Accountability
- Day 27: The Role of Community and Mentorship
- Day 28: Managing Money and Relationships
- Day 29: Financial Wisdom for Life Transitions
- Day 30: Planning for a Secure Financial Future

COURSE #9: MATH MODELS

LEARNING OBJECTIVES

1. Understand the application of mathematical models in real-world contexts.
2. Analyze and interpret data using mathematical models to solve real-world problems.
3. Evaluate the effectiveness and accuracy of mathematical models in representing real-world situations.
4. Develop critical thinking and problem-solving skills by creating and refining mathematical models for real-world scenarios.
5. Cultivate an appreciation for the relevance and usefulness of mathematical modeling in various fields and industries.

Week 1: Introduction to Math Models and Data Analysis

Day 1: Understanding the Role of Math Models in Real-World Scenarios

Day 2: Exploring Different Types of Data and Their Representations

Day 3: Analyzing Data Sets Using Graphical Representations

Day 4: Interpreting Data Patterns and Trends

Day 5: Review and Assessment on Data Analysis

Week 2: Probability and Predictions

Day 1: Understanding Probability and its Applications

Day 2: Exploring Experimental and Theoretical Probability

Day 3: Predicting Outcomes Using Probability Models

Day 4: Analyzing Real-World Scenarios with Probability

Day 5: Review and Assessment on Probability

Week 3: Financial Math and Budgeting

Day 1: Understanding Personal Finance and Budgeting Principles

Day 2: Exploring Income and Expenses in Real-Life Situations

Day 3: Developing Budgets and Financial Plans

Day 4: Analyzing Financial Data and Making Informed Decisions

Day 5: Review and Assessment on Financial Math

Week 4: Rates, Ratios, and Proportions

Day 1: Understanding Rates and Unit Conversions

Day 2: Exploring Ratios and Proportions in Real-World Contexts

Day 3: Solving Problems Using Proportional Relationships

Day 4: Analyzing Real-World Scenarios with Rates and Proportions

Day 5: Review and Assessment on Rates, Ratios, and Proportions

Week 5: Measurement and Geometry in the Real World

Day 1: Understanding Measurement and Its Applications

Day 2: Exploring Perimeter, Area, and Volume in Real-Life Situations

Day 3: Applying Measurement Concepts to Practical Scenarios

Day 4: Analyzing Geometric Figures and Their Properties

Day 5: Review and Assessment on Measurement and Geometry

Week 6: Math in Everyday Life

Day 1: Applying Math Models to Real-World Problems

Day 2: Analyzing Data and Making Inferences

Day 3: Evaluating the Effectiveness of Math Models

Day 4: Developing Critical Thinking and Problem-Solving Skills

Day 5: Final Review and Assessment

YEAR THREE

COURSE #1: NEW TESTAMENT SURVEY

LEARNING OBJECTIVES

1. Understand the historical and cultural context of the New Testament and how it informs our understanding of the text.
2. Analyze the key themes and literary genres of the New Testament in order to interpret its message accurately and effectively.
3. Evaluate the theological concepts and ethical teachings found in the New Testament and their relevance to our contemporary context.
4. Develop a biblical worldview through the study of the New Testament that shapes our understanding of God, humanity, and the world around us.
5. Cultivate spiritual disciplines such as prayer, reading Scripture, and participation in Christian community that strengthen our relationship with God and inform our understanding of the New Testament.

Week 1: Introduction to the New Testament

- Day 1: Introduction to the New Testament
- Day 2: The Historical and Cultural Background of the New Testament
- Day 3: The Gospels: Matthew and Mark
- Day 4: The Gospels: Luke and John
- Day 5: The Book of Acts

Week 2: The Pauline Epistles

- Day 6: The Letters to the Romans and 1 Corinthians
- Day 7: The Letters to 2 Corinthians and Galatians
- Day 8: The Letters to Ephesians and Philippians
- Day 9: The Letters to Colossians and Philemon
- Day 10: The Letters to 1 and 2 Thessalonians

Week 3: The General Epistles

- Day 11: The Letter to Hebrews
- Day 12: The Letter of James
- Day 13: The First Letter of Peter
- Day 14: The Second Letter of Peter and the Letter of Jude
- Day 15: The Letters of John: 1, 2, and 3 John

Week 4: The Book of Revelation and Themes of the New Testament

- Day 16: The Book of Revelation: Introduction and Overview
- Day 17: The Book of Revelation: Chapters 1-5
- Day 18: The Book of Revelation: Chapters 6-11
- Day 19: The Book of Revelation: Chapters 12-16
- Day 20: The Book of Revelation: Chapters 17-22

Week 5: Themes of the New Testament

- Day 21: The Kingdom of God and the Messiah

- Day 22: Salvation and Redemption
- Day 23: The Holy Spirit and Spiritual Gifts
- Day 24: The Church and Christian Community
- Day 25: Ethics and Morality

Week 6: The New Testament and Contemporary Issues

- Day 26: The New Testament and Social Justice
- Day 27: The New Testament and Politics
- Day 28: The New Testament and Science
- Day 29: The New Testament and World Religions
- Day 30: The New Testament and the Future

COURSE #2: ENGLISH 3 (WORLD LITERATURE)

LEARNING OBJECTIVES

1. Understand the cultural and historical contexts of world literature and how they relate to the biblical narrative, in order to gain a deeper appreciation and understanding of literary works from around the world.
2. Analyze the themes and motifs in world literature through a biblical lens, in order to develop critical thinking skills and an ability to make connections between literature and Christian beliefs.
3. Evaluate the cultural and moral values presented in world literature from a biblical perspective, in order to develop discernment and the ability to recognize and critique conflicting worldviews.
4. Develop effective writing and communication skills through the analysis and interpretation of world literature, in order to express ideas and insights clearly and persuasively.
5. Cultivate a deeper understanding and appreciation of God's truth and beauty through the study of world literature, in order to grow in wisdom and discernment and develop a greater love for God and others.

Week 1: Introduction to World Literature

- Day 1: Introduction to World Literature from a Biblical Perspective
- Day 2: Literary Elements and Techniques
- Day 3: Literary Analysis and Interpretation
- Day 4: The Power of Storytelling
- Day 5: The Role of Literature in Shaping Culture

Week 2: Ancient and Classical Literature

- Day 6: The Bible as Literature
- Day 7: Greek Mythology and Literature
- Day 8: Roman Literature and Philosophy
- Day 9: Indian Literature and Spirituality
- Day 10: Chinese Literature and Philosophy

Week 3: Medieval and Renaissance Literature

- Day 11: The Medieval Literature and Faith
- Day 12: The Literature of the Renaissance and Humanism
- Day 13: The Influence of the Bible on Medieval and Renaissance Literature
- Day 14: The Role of Literature in the Protestant Reformation
- Day 15: Shakespeare and the Christian Worldview

Week 4: Enlightenment and Romantic Literature

- Day 16: The Age of Reason and Deism
- Day 17: The Literature of the Romantic Era
- Day 18: The Influence of Christianity on Romantic Literature
- Day 19: The Transcendentalist Movement and Literature
- Day 20: Jane Austen and the Christian Ethos

Week 5: Modern and Postmodern Literature

- Day 21: Modernism and the Crisis of Faith
- Day 22: The Literature of World War I
- Day 23: The Literature of World War II
- Day 24: Postmodernism and the Search for Meaning
- Day 25: The Role of Literature in Social Justice Movements

Week 6: Contemporary Literature and Faith

- Day 26: The Literature of Christian Apologetics
- Day 27: The Role of Literature in Christian Discipleship
- Day 28: The Influence of Christian Themes and Motifs in Contemporary Literature
- Day 29: Literature and the Human Condition
- Day 30: The Future of Literature from a Biblical Perspective

COURSE #3: 21st CENTURY HISTORY

LEARNING OBJECTIVES

1. Understand the key events and trends in 21st century history through a biblical lens, gaining insight into God's providential working in the world.
2. Analyze the impact of globalization and technology on social, cultural, and political developments in the 21st century, exploring how these changes affect both individuals and communities.
3. Evaluate the challenges and opportunities facing the church in the 21st century, including issues of religious freedom, pluralism, and cultural engagement.
4. Develop critical thinking and research skills by examining primary and secondary sources related to 21st century historical events and themes.
5. Cultivate a deeper understanding of God's redemptive plan for the world and our role as Christians in engaging with the world around us, seeking to bring about positive change and promote justice and peace.

Week 1: Introduction to the 21st Century

- Day 1: Introduction to 21st Century History from a Biblical Perspective
- Day 2: The Post-9/11 World and Global Terrorism
- Day 3: The Arab Spring and the Rise of Populism
- Day 4: The Impact of Technology on the 21st Century
- Day 5: The Role of Christianity in the 21st Century

Week 2: The War on Terror

- Day 6: The Invasion of Afghanistan and Iraq
- Day 7: The Rise of ISIS and Global Terrorism
- Day 8: The Impact of Terrorism on Society and Culture
- Day 9: The Future of the War on Terror
- Day 10: Biblical Perspectives on War and Conflict

Week 3: Globalization and International Relations

- Day 11: The Rise of China and India
- Day 12: The European Union and the Crisis of Immigration
- Day 13: The Impact of Globalization on Culture and Society
- Day 14: The Future of International Relations
- Day 15: Biblical Perspectives on Globalization and International Relations

Week 4: Social and Cultural Issues

- Day 16: The Role of Social Media in Society
- Day 17: The Rise of Identity Politics and Polarization
- Day 18: The Ethics of Science and Technology
- Day 19: The Impact of Climate Change on Society and the Environment
- Day 20: Biblical Perspectives on Social and Cultural Issues

Week 5: Christianity in the 21st Century

- Day 21: The Growth of Christianity in Africa and Asia
- Day 22: The Role of Christianity in Politics and Society
- Day 23: The Future of Christianity in the West

- Day 24: Christian Responses to Global Issues
- Day 25: Biblical Perspectives on Christianity in the 21st Century

Week 6: The Future of the 21st Century

- Day 26: The Challenges and Opportunities of the Future
- Day 27: The Impact of Artificial Intelligence and Automation
- Day 28: The Future of Work and Education
- Day 29: The Role of Christians in Shaping the Future
- Day 30: Biblical Perspectives on the Future

COURSE #4: ALGEBRA 2

LEARNING OBJECTIVES

1. Understand the principles of Algebra 2 from a biblical perspective and how they relate to God's order and design in the world.
2. Analyze real-world problems through the lens of Algebra 2, using mathematical reasoning and critical thinking skills to develop solutions that reflect biblical values.
3. Evaluate the impact of Algebra 2 on various aspects of society, including its role in advancing technology and promoting economic growth, and how Christians can use these tools to serve God and others.
4. Develop a deep understanding of mathematical concepts and procedures, including functions, polynomials, and logarithms, through hands-on practice and real-world applications.
5. Cultivate a spirit of excellence in mathematical scholarship and academic integrity, recognizing that all knowledge is a gift from God and should be used for His glory and the good of others.

Week 1: Introduction to Algebraic Concepts and Biblical Foundations

- Day 1: Introduction to Algebra and its Importance
- Day 2: Math in the Bible
- Day 3: Math and the Attributes of God
- Day 4: God's Orderly Creation and Mathematics
- Day 5: Mathematical Modeling and the Bible

Week 2: Functions and Equations

- Day 6: Introduction to Functions
- Day 7: Linear Equations and Slope
- Day 8: Quadratic Equations and Factoring
- Day 9: Polynomial Functions
- Day 10: Rational Functions and Equations

Week 3: Systems of Equations and Inequalities

- Day 11: Systems of Linear Equations
- Day 12: Matrix Algebra and Systems of Equations
- Day 13: Systems of Nonlinear Equations
- Day 14: Introduction to Inequalities
- Day 15: Graphing Inequalities

Week 4: Advanced Topics in Algebra

- Day 16: Exponential Functions
- Day 17: Logarithmic Functions
- Day 18: Conic Sections and Quadratic Equations
- Day 19: Sequences and Series
- Day 20: Introduction to Trigonometry

Week 5: Trigonometric Functions and Identities

- Day 21: Introduction to Trigonometric Functions
- Day 22: Trigonometric Identities and Equations

- Day 23: Graphing Trigonometric Functions
- Day 24: Inverse Trigonometric Functions
- Day 25: Trigonometric Functions and Applications

Week 6: Applications of Algebraic Concepts

- Day 26: Statistics and Probability
- Day 27: Financial Mathematics
- Day 28: Geometry and Algebra
- Day 29: Physics and Algebra
- Day 30: Algebra and the Future

COURSE #5: CHEMISTRY

LEARNING OBJECTIVES

1. Understand the fundamental concepts of chemistry from a biblical perspective, including the nature of matter and the behavior of atoms and molecules.
2. Analyze chemical reactions and their underlying principles in light of biblical values and ethics, such as stewardship and responsibility.
3. Evaluate the impact of chemistry on society and the environment, considering the implications of human choices and actions in light of biblical teachings.
4. Develop critical thinking and problem-solving skills through hands-on laboratory experiments and simulations, applying a biblical worldview to real-world scenarios.
5. Cultivate an appreciation for the beauty and complexity of God's creation, recognizing the role of chemistry in revealing the wonders of the natural world and the Creator's handiwork.

Week 1: Introduction to Chemistry and Creation

- Day 1: Introduction to Chemistry and the Scientific Method
- Day 2: The Importance of Chemistry in Creation
- Day 3: The Biblical Basis for Science
- Day 4: The Role of Faith in Science
- Day 5: The Unity of Science and Christianity

Week 2: Matter and Energy

- Day 6: The Nature of Matter
- Day 7: States of Matter and Energy
- Day 8: Chemical Reactions and Equations
- Day 9: Atomic Structure and the Periodic Table
- Day 10: The Chemistry of Creation

Week 3: Chemical Bonding and Reactivity

- Day 11: Ionic and Covalent Bonding
- Day 12: Acids, Bases, and Salts
- Day 13: Redox Reactions and Electrochemistry
- Day 14: Organic Chemistry and Biochemistry
- Day 15: The Chemistry of Water and Life

Week 4: Environmental Chemistry

- Day 16: Environmental Chemistry and Pollution
- Day 17: Climate Change and the Greenhouse Effect
- Day 18: The Chemistry of the Ozone Layer
- Day 19: Sustainable Chemistry and Green Energy
- Day 20: The Stewardship of Creation

Week 5: Chemistry and Society

- Day 21: The History of Chemistry and its Impact on Society
- Day 22: Chemistry and Medicine
- Day 23: Chemistry and Agriculture
- Day 24: Chemistry and Industry

- Day 25: Ethics and Chemistry

Week 6: Chemistry and Faith

- Day 26: Chemistry and God's Plan for the Universe
- Day 27: The Biblical Foundations of Chemistry
- Day 28: The Unity of Science and Faith
- Day 29: The Integration of Science and Theology
- Day 30: The Call to Christian Scientists

COURSE #6: FINE ARTS (MUSIC APPRECIATION)

LEARNING OBJECTIVES

1. Understand the role of music in worship and how it can impact our relationship with God by examining biblical passages and theological concepts.
2. Analyze the musical elements of various styles and genres of music to develop a deeper appreciation and understanding of the art form, while also considering how they reflect cultural and historical contexts.
3. Evaluate the impact of music on society and personal values, while also recognizing the potential positive and negative effects that music can have on our emotions and behavior.
4. Develop a basic knowledge of music theory and terminology to better appreciate and communicate about music, while also cultivating technical skills through practice and performance.
5. Cultivate an appreciation for the diversity of musical expressions within the body of Christ, while also discerning how to use music in ways that honor God and build up the church community.

Week 1: Introduction to Music and Biblical Worldview

- Day 1: Introduction to Music Appreciation and Biblical Worldview
- Day 2: The Role of Music in Worship and Praise
- Day 3: Music and Creation
- Day 4: Music and Culture
- Day 5: Music and the Christian Life

Week 2: The Development of Western Music

- Day 6: Ancient Greek and Hebrew Music
- Day 7: The Music of the Early Church
- Day 8: Gregorian Chant and Medieval Music
- Day 9: Renaissance Music and Polyphony
- Day 10: Baroque Music and the Reformation

Week 3: Classical Music and the Enlightenment

- Day 11: The Music of the Classical Period
- Day 12: The Music of Beethoven and Romanticism
- Day 13: The Music of Wagner and Nationalism
- Day 14: The Music of Brahms and the Reaction against Romanticism
- Day 15: The Music of Debussy and Impressionism

Week 4: Modern and Contemporary Music

- Day 16: The Music of Stravinsky and Modernism
- Day 17: The Music of Shostakovich and Political Oppression
- Day 18: The Music of Copland and American Nationalism
- Day 19: Jazz and Blues in the 20th Century
- Day 20: The Music of Contemporary Christian Artists

Week 5: Music and Christian Life

- Day 21: The Role of Music in Christian Worship and Prayer

- Day 22: The Use of Music in Evangelism and Missions
- Day 23: The Influence of Music on Culture and Society
- Day 24: Music and the Arts in Christian Discipleship
- Day 25: The Future of Music in the Christian Life

Week 6: Final Project and Review

- Day 26: Final Project Planning and Research
- Day 27: Final Project Drafting and Editing
- Day 28: Final Project Presentation and Review
- Day 29: Course Review and Assessment
- Day 30: Course Conclusion and Reflection

COURSE #7: ENTREPRENEURSHIP

LEARNING OBJECTIVES

1. Understand the biblical principles of entrepreneurship and how they apply to the modern business world, by exploring relevant biblical texts and contemporary case studies.
2. Analyze the different types of entrepreneurship and the impact they have on society and culture, by examining historical and contemporary examples and trends.
3. Evaluate the ethical implications of entrepreneurship from a biblical perspective, by critiquing real-world scenarios and exploring the potential consequences of different business practices.
4. Develop key entrepreneurial skills such as problem-solving, critical thinking, and creative ideation, through practical exercises and case studies.
5. Cultivate a personal sense of mission and purpose in entrepreneurship that reflects biblical values and principles, by exploring the intersections of faith and business and developing a personal vision for entrepreneurship that aligns with God's calling.

Week 1: Introduction to Entrepreneurship

- Day 1: Introduction to Entrepreneurship and Business
- Day 2: The Biblical Basis of Entrepreneurship
- Day 3: Developing a Business Plan
- Day 4: Marketing Strategies and Sales
- Day 5: Financial Planning and Management

Week 2: Starting a Business

- Day 6: Starting a Business with Limited Resources
- Day 7: Choosing the Right Legal Structure
- Day 8: Building a Strong Brand
- Day 9: Networking and Partnerships
- Day 10: Developing a Successful Team

Week 3: Running a Business

- Day 11: Managing Operations and Logistics
- Day 12: The Importance of Customer Service
- Day 13: Building a Strong Company Culture
- Day 14: Managing Cash Flow and Investments
- Day 15: Innovating and Adapting to Change

Week 4: Ethical and Social Responsibility

- Day 16: The Role of Ethics in Business
- Day 17: Social Responsibility and Giving Back
- Day 18: Balancing Profit and Purpose
- Day 19: The Impact of Entrepreneurship on Society
- Day 20: Environmental Stewardship and Sustainability

Week 5: Business and Faith

- Day 21: Business as a Calling and Ministry
- Day 22: Biblical Examples of Entrepreneurship

- Day 23: Integrating Faith and Work
- Day 24: Building a Business on Kingdom Principles
- Day 25: Living a Life of Purpose and Significance

Week 6: Business and the Future

- Day 26: Entrepreneurship and Technology
- Day 27: Emerging Markets and Global Opportunities
- Day 28: Disruptive Innovation and Growth
- Day 29: Overcoming Challenges and Failures
- Day 30: Making a Positive Impact on the World

COURSE #8: CRITICAL THINKING

LEARNING OBJECTIVES

1. Understand the importance of critical thinking from a biblical perspective and how it relates to Christian worldview and values.
2. Analyze various sources of information and arguments in order to identify assumptions, biases, and logical fallacies.
3. Evaluate arguments and evidence from a biblical perspective in order to make informed and ethical decisions.
4. Develop effective strategies for problem-solving, decision-making, and communication that are grounded in biblical principles and values.
5. Cultivate a habit of lifelong learning and critical thinking that is grounded in a biblical worldview and a commitment to intellectual integrity and humility.

Week 1: Introduction to Critical Thinking

- Day 1: Introduction to Critical Thinking and Its Importance for Christians
- Day 2: The Characteristics of a Critical Thinker
- Day 3: The Role of Logic in Critical Thinking
- Day 4: The Different Types of Reasoning
- Day 5: The Connection between Critical Thinking and Faith

Week 2: Understanding Arguments

- Day 6: Introduction to Arguments and Fallacies
- Day 7: The Structure of an Argument
- Day 8: Identifying and Analyzing Arguments
- Day 9: Evaluating Arguments for Strength and Validity
- Day 10: The Role of Evidence in Critical Thinking

Week 3: Applying Critical Thinking to Daily Life

- Day 11: Critical Thinking in Decision Making
- Day 12: Critical Thinking in Relationships
- Day 13: Critical Thinking in Media and News
- Day 14: Critical Thinking in Business and Finance
- Day 15: Critical Thinking in Health and Science

Week 4: Critical Thinking and Scripture

- Day 16: The Importance of Critical Thinking in Understanding Scripture
- Day 17: The Role of Hermeneutics in Critical Thinking
- Day 18: The Different Types of Biblical Literature
- Day 19: The Historical and Cultural Context of Scripture
- Day 20: Theological Issues and Critical Thinking

Week 5: Objections and Responses

- Day 21: Common Objections to Critical Thinking and Biblical Perspectives
- Day 22: Responding to Skepticism and Doubt
- Day 23: The Role of Apologetics in Critical Thinking
- Day 24: The Importance of Dialogue and Communication
- Day 25: The Connection between Critical Thinking and Discipleship

Week 6: Applications and Conclusion

- Day 26: Applying Critical Thinking to Future Goals and Plans
- Day 27: Critical Thinking in Higher Education and Careers
- Day 28: The Ethics of Critical Thinking
- Day 29: The Future of Critical Thinking and Christianity
- Day 30: Conclusion and Final Reflections

YEAR FOUR

COURSE #1: CHRISTIAN ETHICS AND APOLOGETICS

LEARNING OBJECTIVES

1. Understand the biblical foundations of Christian ethics and apologetics and how they relate to everyday life situations.
2. Analyze various ethical dilemmas and apologetic arguments from a biblical perspective to gain a deeper understanding of their origins and implications.
3. Evaluate different ethical and apologetic viewpoints in light of Scripture and develop a personal philosophy of Christian ethics and apologetics.
4. Develop critical thinking skills and an ability to engage in respectful dialogue with those who hold different ethical and apologetic views.
5. Cultivate a deeper sense of compassion, empathy, and moral responsibility as a follower of Christ in a diverse and complex world.

Week 1: Introduction to Christian Ethics

- Day 1: Introduction to Ethics and Morality
- Day 2: The Christian Worldview and Ethics
- Day 3: Biblical Foundations for Ethics
- Day 4: The Ten Commandments and Christian Ethics
- Day 5: Ethical Dilemmas and Decision-Making

Week 2: Theology and Ethics

- Day 6: The Relationship between Theology and Ethics
- Day 7: The Ethics of God's Character
- Day 8: The Ethics of Creation and Redemption
- Day 9: The Ethics of Human Nature and Sin
- Day 10: The Ethics of Eschatology and Hope

Week 3: Applied Ethics

- Day 11: Ethics and Social Justice
- Day 12: Ethics and Bioethics
- Day 13: Ethics and Technology
- Day 14: Ethics and Politics
- Day 15: Ethics and Business

Week 4: Introduction to Apologetics

- Day 16: Introduction to Apologetics and Defending the Faith
- Day 17: The Importance of Apologetics for Christians
- Day 18: The Role of Evidence in Apologetics
- Day 19: The Use of Reason in Apologetics
- Day 20: The Power of Testimony in Apologetics

Week 5: Apologetic Arguments

- Day 21: The Cosmological Argument for God's Existence
- Day 22: The Teleological Argument for God's Existence

- Day 23: The Moral Argument for God's Existence
- Day 24: The Ontological Argument for God's Existence
- Day 25: The Resurrection of Jesus as Apologetic Evidence

Week 6: Apologetics and Worldviews

- Day 26: The Christian Worldview and Apologetics
- Day 27: Apologetics and Atheism
- Day 28: Apologetics and Naturalism
- Day 29: Apologetics and Islam
- Day 30: Apologetics and Postmodernism

COURSE #2: ENGLISH 4 (RESEARCH AND WRITING)

LEARNING OBJECTIVES

1. Understand the importance of biblical principles in writing and research, and the ways in which these principles can inform and shape the writing process.
2. Analyze various types of research and writing to identify their strengths and weaknesses, and assess their effectiveness in communicating biblical truth.
3. Evaluate sources of information from a biblical perspective, discerning the reliability and credibility of different sources, and applying critical thinking skills to identify and analyze bias.
4. Develop advanced writing skills, including the ability to craft a clear and compelling thesis statement, organize information effectively, and use appropriate evidence to support arguments.
5. Cultivate a deeper understanding of God's Word and its role in shaping our worldview and influencing our writing, as well as a desire to use writing and research skills to impact the world for Christ.

Week 1: Introduction to Research and Writing

- Day 1: Introduction to the Course
- Day 2: The Importance of Research and Writing for Christians
- Day 3: Choosing a Research Topic
- Day 4: Developing a Research Question
- Day 5: Writing a Thesis Statement

Week 2: Conducting Research

- Day 6: Conducting Library Research
- Day 7: Conducting Internet Research
- Day 8: Evaluating Sources for Reliability and Bias
- Day 9: Taking Notes and Organizing Research
- Day 10: Avoiding Plagiarism

Week 3: Writing Skills

- Day 11: The Writing Process: Planning and Drafting
- Day 12: The Writing Process: Revising and Editing
- Day 13: Grammar and Punctuation
- Day 14: Style and Voice
- Day 15: Formatting and Citing Sources

Week 4: Writing with a Biblical Perspective

- Day 16: Biblical Principles of Writing
- Day 17: Writing with Christian Values and Ethics
- Day 18: Using Scripture in Writing
- Day 19: Addressing Contemporary Issues from a Christian Perspective
- Day 20: Research and Writing in Ministry

Week 5: Writing for College and Career

- Day 21: Writing for College Applications
- Day 22: Writing in the Workplace

- Day 23: Writing in the Digital Age
- Day 24: Writing for Publication
- Day 25: Writing and Critical Thinking

Week 6: Final Project and Review

- Day 26: Final Project: Research Paper or Essay
- Day 27: Review and Feedback
- Day 28: Revision and Editing
- Day 29: Reflection and Evaluation
- Day 30: Course Review and Wrap-Up

COURSE #3: CIVICS AND ECONOMICS

LEARNING OBJECTIVES

1. Understand the basic principles of civics and economics from a biblical perspective, and how they intersect with Christian beliefs and values.
2. Analyze the role of government, law, and politics in society, and how they relate to biblical concepts such as justice, righteousness, and mercy.
3. Evaluate economic systems and theories, and their impact on individuals, families, and communities, from a biblical perspective that values stewardship, generosity, and compassion.
4. Develop critical thinking skills and ethical reasoning abilities that enable students to make informed decisions about public policy issues, economic practices, and civic engagement.
5. Cultivate a sense of responsibility and civic duty as citizens of both God's kingdom and earthly nations, by engaging in active participation in civic life and promoting justice, compassion, and peace in their communities.

Week 1: Introduction to Civics and Economics

- Day 1: Introduction to Civics and Economics from a Biblical Perspective
- Day 2: The Role of Government in Society
- Day 3: The Biblical Basis for Economics
- Day 4: The Importance of Stewardship
- Day 5: The Relationship Between Civics and Economics

Week 2: Foundations of American Government

- Day 6: The Declaration of Independence and the American Revolution
- Day 7: The U.S. Constitution and Bill of Rights
- Day 8: The Three Branches of Government
- Day 9: The Electoral Process and Political Parties
- Day 10: The Role of Citizens in a Democracy

Week 3: Economics and Business

- Day 11: The Basics of Supply and Demand
- Day 12: The Role of Businesses in Society
- Day 13: Types of Business Structures
- Day 14: The Role of Entrepreneurs
- Day 15: The Global Economy and Trade

Week 4: The Role of Christianity in Civics and Economics

- Day 16: The Role of Faith in Politics
- Day 17: The Biblical Basis for Charity and Giving
- Day 18: The Christian Perspective on Immigration
- Day 19: Social Justice and the Church
- Day 20: Christian Ethics in Business and Economics

Week 5: Current Events and Issues

- Day 21: The Role of the Media in Politics
- Day 22: Environmental Issues and Stewardship

- Day 23: Poverty and Income Inequality
- Day 24: Healthcare and Social Welfare
- Day 25: National Security and Defense

Week 6: Putting Faith into Action

- Day 26: Applying Biblical Principles in Everyday Life
- Day 27: Volunteering and Community Service
- Day 28: Engaging in Political and Civic Discourse
- Day 29: Addressing Local Issues and Needs
- Day 30: Making a Difference in the World

COURSE #4: HEALTH AND WELLNESS

LEARNING OBJECTIVES

1. Understand the importance of taking care of one's body as a temple of the Holy Spirit and analyze the biblical principles that guide healthy living.
2. Analyze the impact of physical, mental, and spiritual health on overall wellness and evaluate different strategies for maintaining a healthy lifestyle.
3. Evaluate the influence of culture and media on perceptions of body image and develop a biblical framework for understanding self-image and worth.
4. Develop a practical plan for managing stress and cultivating emotional resilience, using biblical principles and spiritual disciplines.
5. Cultivate habits of self-care and self-discipline that honor God, through regular exercise, healthy eating, rest, and intentional spiritual practices.

Week 1: Foundations of Health and Wellness

- Day 1: Introduction to Health and Wellness from a Biblical Perspective
- Day 2: What is Wellness? Physical, Emotional, Social, and Spiritual Dimensions
- Day 3: Biblical Principles of Health and Wellness
- Day 4: Stewardship of the Body
- Day 5: The Connection Between Health and Faith

Week 2: Physical Health

- Day 6: Nutrition and Healthy Eating
- Day 7: Exercise and Physical Fitness
- Day 8: Sleep and Rest
- Day 9: Sexual Health and Purity
- Day 10: Addiction and Substance Abuse

Week 3: Emotional Health

- Day 11: Stress Management and Mental Health
- Day 12: Self-Esteem and Positive Thinking
- Day 13: Healthy Relationships and Communication
- Day 14: Forgiveness and Emotional Healing
- Day 15: Gratitude and Joy

Week 4: Social Health

- Day 16: Community and Relationships
- Day 17: Service and Generosity
- Day 18: Social Justice and Advocacy
- Day 19: Diversity and Inclusion
- Day 20: Peer Pressure and Decision Making

Week 5: Spiritual Health

- Day 21: Prayer and Devotion
- Day 22: Bible Study and Scripture Memory
- Day 23: Worship and Praise
- Day 24: Fasting and Spiritual Discipline
- Day 25: Missions and Evangelism

Week 6: Holistic Health and Wellness

- Day 26: Integrating Physical, Emotional, Social, and Spiritual Health
- Day 27: Balancing Priorities and Time Management
- Day 28: Finding Purpose and Meaning in Life
- Day 29: Overcoming Obstacles and Challenges
- Day 30: Making a Personal Health and Wellness Plan

COURSE #5: PHYSICS

LEARNING OBJECTIVES

1. Understand the fundamental principles of physics and how they relate to the biblical worldview, and develop a deeper appreciation for God's handiwork in creation.
2. Analyze the scientific methods used in physics and evaluate their limitations and strengths in the context of the biblical worldview.
3. Evaluate the ethical implications of physics research and technology from a biblical perspective, and develop a sense of responsibility towards stewarding God's creation.
4. Develop critical thinking and problem-solving skills in the context of physics, and apply them to real-world scenarios from a biblical perspective.
5. Cultivate a deeper understanding of the role of physics in the broader context of God's redemptive plan for humanity, and develop a sense of wonder and awe at the majesty of God's creation.

Week 1: Introduction to Physics and Creation

- Day 1: Introduction to Physics and Science
- Day 2: Understanding the Bible and Science
- Day 3: The Nature of Creation and the Creator
- Day 4: The Origin and Purpose of the Universe
- Day 5: The Order and Design of the Universe

Week 2: Laws of Motion and Forces

- Day 6: Newton's Laws of Motion
- Day 7: The Force of Gravity
- Day 8: The Force of Friction
- Day 9: The Force of Tension
- Day 10: The Force of Air Resistance

Week 3: Energy and Waves

- Day 11: Forms of Energy
- Day 12: The Law of Conservation of Energy
- Day 13: Waves and Their Properties
- Day 14: Sound Waves
- Day 15: Electromagnetic Waves

Week 4: Electricity and Magnetism

- Day 16: The Properties of Electricity
- Day 17: Electric Fields and Charges
- Day 18: Magnetism and Magnetic Fields
- Day 19: Electromagnetic Induction
- Day 20: Electromagnetic Spectrum and Light

Week 5: Modern Physics

- Day 21: Quantum Mechanics and Atomic Structure
- Day 22: The Theory of Relativity
- Day 23: Nuclear Physics and Energy
- Day 24: Cosmology and the Universe

- Day 25: Scientific Method and Ethics

Week 6: Physics and Faith

- Day 26: The Role of Physics in Understanding God's Creation
- Day 27: Biblical Worldview and Physics
- Day 28: Physics and Ethics
- Day 29: Physics and Technology
- Day 30: The Future of Physics and Its Impact on Society

COURSE #6: FINE ARTS (ART APPRECIATION)

LEARNING OBJECTIVES

1. Understand the biblical foundation for the creation of art and how art can be used to glorify God, by studying the examples and teachings of Scripture and applying them to art history.
2. Analyze the elements and principles of design in works of art, including line, shape, color, texture, balance, and composition, to understand the ways in which artists communicate their ideas and emotions through visual media.
3. Evaluate the cultural and historical context of art movements, artists, and works of art, and consider how they reflect and shape society's values, beliefs, and attitudes towards faith, spirituality, and morality.
4. Develop skills in art criticism, interpretation, and art-making techniques, through studio practice, art history research, and critical analysis of contemporary art and media.
5. Cultivate an appreciation and understanding of diverse artistic traditions and cultures, and recognize the ways in which art can be used as a tool for cultural exchange, social justice, and community building, while recognizing the beauty and diversity in God's creation.

Week 1: Introduction to Art and Aesthetics

- Day 1: Introduction to Art Appreciation from a Biblical Perspective
- Day 2: Aesthetics and the Nature of Beauty
- Day 3: The Purpose of Art and Creativity
- Day 4: The Role of Art in Christian Life
- Day 5: Biblical Examples of Art and Creativity

Week 2: Elements of Art

- Day 6: Line, Shape, and Form
- Day 7: Color Theory and Symbolism
- Day 8: Space and Perspective
- Day 9: Texture and Pattern
- Day 10: Composition and Design

Week 3: Art Movements and Styles

- Day 11: Classical and Renaissance Art
- Day 12: Baroque and Rococo Art
- Day 13: Romanticism and Realism
- Day 14: Impressionism and Post-Impressionism
- Day 15: Modern and Contemporary Art

Week 4: Art and Faith

- Day 16: The Role of Art in Worship and Devotion
- Day 17: Biblical Themes in Art
- Day 18: Christian Art in the Middle Ages and Renaissance
- Day 19: Contemporary Christian Art and Artists
- Day 20: The Future of Christian Art

Week 5: Art and Society

- Day 21: Art and Social Justice
- Day 22: Art and the Environment
- Day 23: Art and Culture
- Day 24: Art and Technology
- Day 25: Art and the Global Community

Week 6: Art Analysis and Criticism

- Day 26: Understanding Art Analysis and Criticism
- Day 27: Artistic Interpretation and Analysis
- Day 28: Critiquing and Evaluating Art
- Day 29: Developing Personal Criteria for Judging Art
- Day 30: The Future of Art Appreciation

COURSE #7: CAREER DEVELOPMENT

LEARNING OBJECTIVES

1. Understand the biblical perspective on career development and its impact on personal and professional decision-making.
2. Analyze various career paths and opportunities through a biblical lens to discern how they align with God's calling and purpose.
3. Evaluate personal strengths, skills, and values in relation to potential careers, taking into account the biblical principles of stewardship and service.
4. Develop practical skills such as resume building, interviewing, and networking from a Christ-centered approach to enhance job search and career advancement.
5. Cultivate a biblical mindset of excellence, integrity, and humility in the workplace, reflecting Christ's character and serving as a witness to others.

Week 1: Understanding God's Plan for Your Life

- Day 1: Introduction to Career Development from a Biblical Perspective
- Day 2: Biblical Foundations for Career Development
- Day 3: God's Plan and Purpose for Your Life
- Day 4: Finding Your Passion and Gifts
- Day 5: Making Career Decisions that Honor God

Week 2: Exploring Career Options

- Day 6: Exploring Different Career Paths
- Day 7: Researching Career Options
- Day 8: Understanding the Job Market
- Day 9: Networking and Building Professional Relationships
- Day 10: Preparing for Interviews and Job Applications

Week 3: Building Your Professional Identity

- Day 11: Developing a Professional Identity
- Day 12: Building Your Personal Brand
- Day 13: Improving Your Communication Skills
- Day 14: Navigating Workplace Relationships
- Day 15: Understanding Workplace Culture and Ethics

Week 4: Building Your Career

- Day 16: Developing a Career Plan
- Day 17: Setting Goals and Achieving Success
- Day 18: Managing Your Time and Productivity
- Day 19: Developing Leadership Skills
- Day 20: Overcoming Challenges and Obstacles

Week 5: Balancing Work and Life

- Day 21: Balancing Work and Personal Life
- Day 22: Managing Stress and Burnout
- Day 23: Prioritizing Your Health and Well-Being
- Day 24: Maintaining Healthy Relationships
- Day 25: Building a Support Network

Week 6: Faith in the Workplace

- Day 26: Bringing Your Faith to Work
- Day 27: Handling Workplace Conflict with Grace
- Day 28: Maintaining Integrity and Ethics in the Workplace
- Day 29: Finding Purpose and Meaning in Your Work
- Day 30: Reflecting on Your Career Journey and Future Goals

COURSE #8: COMMUNICATION SKILLS

LEARNING OBJECTIVES

1. Understand the biblical principles of effective communication and how they apply to personal and professional relationships.
2. Analyze different communication styles and their impact on interpersonal interactions from a biblical perspective.
3. Evaluate the effectiveness of various communication strategies and techniques, and their alignment with biblical values and principles.
4. Develop practical communication skills such as active listening, empathy, conflict resolution, and negotiation, based on biblical teachings and examples.
5. Cultivate a Christ-like character and mindset that fosters respectful, compassionate, and clear communication with others, reflecting the love and wisdom of God.

Week 1: Introduction to Communication

- Day 1: Introduction to Communication
- Day 2: The Importance of Communication in Life
- Day 3: Communication Styles and Preferences
- Day 4: Verbal and Non-Verbal Communication
- Day 5: Biblical Principles of Communication

Week 2: Interpersonal Communication

- Day 6: Listening Skills and Empathy
- Day 7: Conflict Resolution and Forgiveness
- Day 8: Assertiveness and Boundaries
- Day 9: Building Positive Relationships
- Day 10: Communication and Love Languages

Week 3: Public Speaking and Presentations

- Day 11: Introduction to Public Speaking
- Day 12: Preparation and Research
- Day 13: Structuring and Outlining
- Day 14: Delivery and Body Language
- Day 15: Overcoming Stage Fright

Week 4: Writing and Communication in the Workplace

- Day 16: Professional Writing and Emails
- Day 17: Meeting and Interview Skills
- Day 18: Business Ethics and Communication
- Day 19: Leadership Communication
- Day 20: Communication in the Digital Age

Week 5: Cross-Cultural Communication

- Day 21: Understanding Cultural Differences
- Day 22: Communication Across Generations
- Day 23: Communication Across Languages
- Day 24: Communication Across Religions
- Day 25: Global Communication and Missions

Week 6: Communication and Faith

- Day 26: The Role of Communication in Christianity
- Day 27: Communicating the Gospel Message
- Day 28: The Art of Biblical Storytelling
- Day 29: Communication and Discipleship
- Day 30: Communication and the Future of the Church
